

VARIO COOLING
**EXPRESSIVE
SERIES**

GAGGENAU

SET THE STAGE FOR THE EXTRAORDINARY

The extraordinary is never accidental. It is the result of intention, precision, and products that speak through both their expressive aesthetics and inner performance. Those who know understand that true perfection lies in the details, where modularity enables seamless integration, and where even the most functional elements are elevated. Because only by honouring the smallest of details can one truly make a moment memorable.

THE BEST WAY TO STAND OUT IS TO FIT IN

Offering inherent modularity and the option of handleless integration, the meticulously crafted Vario cooling Expressive series brings refined sophistication and architectural precision to your kitchen. Conceived to resemble furniture, it allows for countless configuration possibilities, enabling you to curate a cooling ensemble that reflects your personal vision and cultivated taste. Every shelf and door bin can be precisely aligned to create visual continuity between refrigerator and freezer, ensuring a seamless composition when installed side-by-side. Because true design does not compete; it completes.

OPEN FOR PERFECTION

The Vario cooling Expressive series is not just a range of appliances. They are creations crafted for those who understand that preserving the essence of their culinary treasures must always be matched by an equally uncompromising commitment to aesthetics.

REFRIGERATION

MATERIALITY, MASTERED

Inside, dark brushed stainless steel meets solid anthracite aluminium. Not for effect. For integrity. Each inner surface, each aluminium-framed glass shelf, each drawer is a testament to purposeful materiality. A quiet dialogue unfolds between craft and knowledge. Nothing is accidental. Everything is considered.

EFFORTLESS CONTROL

Every appliance within the Vario cooling Expressive series elevates your experience. Dedicated programmes optimise conditions for specific food categories, while animated quick guides simplify maintenance. With Gaggenau Home Connect, control your products remotely from any mobile device. Our fridge-freezer combinations even offer integrated cameras that allow you to monitor your ingredients at any time, delivering a truly connected experience.

PRESERVATION WITHOUT COMPROMISE

The Vario cooling Expressive series houses a state-of-the-art, professional freshness system comprising up to 5 independent climates to preserve and extend the shelf life of produce. Dedicated programmes with bespoke humidity and temperature control ensure your ingredients retain their essence. The icing on the cake is a freezing technology to protect your culinary treasures from freezer burn as well as oxidation.

A CEREMONY OF ILLUMINATION

Behind every door, warm-white, glare-free LED lights rise and dim in all compartments, adapting to their environment and your actions, revealing each bottle, each ingredient, each culinary creation with captivating clarity. This is more than light. This is revelation.

WINE CLIMATE CABINETS

ELEVATE EVERY DROP

There is elegance and sophistication in wine. In the vineyards shaped by heritage, the stones that anchor the vines, the precision of the craft, and the beauty found in every shade of red, white, rosé, yellow, and green. Such richness deserves an equally refined experience. It deserves the avant-garde

technology and sleek aesthetics of our Vario wine climate cabinets Expressive series. A composition of form and function that mirrors the journey of wine itself. One that creates a deeper connection with the rituals of everyday life, elevating simple moments into experiences of artistry.

AUTOMATIC WINE TEMPERING

Unique to the market, our wine climate cabinets transform preservation into precision preparation. With specific sensors enabling automatic tempering programs in the upper and middle compartment, each bottle is brought to its ideal serving temperature without guesswork, giving you the peace of mind knowing it is ready to be savoured at its peak. More than storage, this is the art of wine, elevated. It is an experience of effortless refinement, tailored precision, and lasting delight.

GUIDED INTERACTION

The intuitive touch display offers a seamless interface, highlighting the climate zone you are engaging with and guiding you through each function with clarity and ease. Animated quick guides support maintenance, ensuring every interaction feels instinctive and precise.

BESPOKE STAGING

Showcase your collection with lighting designed to honour every bottle. Choose from three carefully curated presets or create a bespoke ambiance via Gaggenau Home Connect, allowing your wine climate cabinet to harmonise effortlessly with its surroundings. Inside, a dedicated staging area and flexible

presentation configurations give your finest bottles the presence they deserve. Even magnum bottles can be perfectly staged for maximum impact. With space for up to 110 bottles, every detail is considered, transforming your collection into a statement of elegance, intention, and occasion.

DISTINCTIVE MATERIALITY

A dialogue of precision and heritage unfolds within. The dark brushed stainless steel interior speaks to enduring elegance, while oak bottle presenters and trays echo the craft and tradition of winemaking. These materials form more than a backdrop, they create a setting of quiet reverence, where each bottle is held, honoured, and elevated. This is the unification of aesthetics and intention, designed to reflect the depth of your collection and the refinement of your taste.

PRESERVATION MASTERY

Experience the pinnacle of wine care with independent climate zones that deliver precise temperature stability, while the automatic tempering programs ensure each bottle reaches its ideal serving temperature, calibrated by quantity of bottles, size and wine type. UV protection safeguards the

integrity of every vintage, soft-closing shelves offer effortless access, and activated charcoal filters maintain optimal air quality across all zones. Every element is designed with intention: to protect, present, and honour your collection, transforming it into a quiet expression of discernment and cultivated taste.
