GAGGENAU

THE OVEN

EB 333

Cook with an icon

An aspiration of the private chef, and the professional chef at home, the EB oven has been the Gaggenau emblem for over 30 years.

This oven is a 90 cm testament to the Gaggenau difference, its heritage and traditional avant-garde. Wildly individual and distinctive, it is the heart of the kitchen. The touch of highly skilled artisans upon high quality materials imbues this oven with something akin to soul. Add to this an imposing design and unfailing performance, and you have all the elements of a classic.

EB 333 oven			Price inc GST

THE NEXT ICONS OF GAGGENAU **EXPRESSIVE SERIES**

Where artistry meets functionality

The Gaggenau Expressive series, inspired by Bauhaus principles and modern architecture, showcases bold, sculptural forms. Each element a stroke of design genius. The outer frame of the Gaggenau Expressive series delineates a clear boundary with its kitchen environment, while the inner frame cradles the innovative passepartout: Gaggenau Stainless Steel behind smoked glass, harmonizing strength with elegance.

The Gaggenau Expressive series is for those who understand that every millimetre of the milled chamfer and the weight of the metal speaks volumes of the craftsmanship behind the design.

SHAPING INFINITE OPENNESS

MINIMALISTIC SERIES

Performance that inspires confidence

The Gaggenau Minimalistic series is perfection, revealed through restraint. Every element distilled to its purest form. This is luxury at its most assured, expressed not in ornamentation, but in precision. Minimalism is demanding. It requires the absolute unification of design, engineering and craftsmanship with user experience at the core.

A floating control ring. Intuitive. Effortless. Precise. Meticulously crafted from stainless steel, it is a tactile statement – where interaction meets instinct.

Choose your colour: the silver hue of Gaggenau Sterling or the darkness of Gaggenau Onyx, both with metallic flecks adding a further dimension to the flush-fitted appliances.

THE ART OF REDUCTION

THE ESSENTIAL INDUCTION

Less for a life of more

Today's kitchen is either part of a larger, open-plan, entertaining space or is the entertainment space itself. Appliances are a functional requirement, but for some, they become an aesthetic issue. The Essential Induction resolves this by integrating a high performance induction module beneath your choice of specially customised Dekton counter. The vast seamless surface is all the eye can, or wants, to see.

VARIO COOLING **EXPRESSIVE SERIES**

The best way to stand out... is to fit in

The Vario cooling Expressive series transforms any space into a visual masterpiece. Its doors, with handleless option, ensure seamless integration into your kitchen design. Let the new series enrich your living space with its furniture-like appearance.

Materiality matters

From the dark brushed stainless steel interiors to the solid anthracite aluminium-framed drawers and door bins – the high-quality materials are purposefully chosen and meticulously crafted to withstand the test of time. This is how surfaces turn into statements.

Brilliance. Upstaged

The Vario cooling Expressive series is an invitation to indulge in an enriching moment. Upon opening, the light in the cooling compartment theatrically awakens, luring you into an inspiring display of your culinary treasures within. The warm-white and glare-free lighting adjusts to ambient conditions and drawer interactions, always casting your ingredients in the most flattering light inside all cooling and freezing compartments.
