

AA200110

Recirculation odour filter

AA200110

- Highly efficient odour reduction for cooking applications with complex odour molecules (e.g. fish and seafood).
- The filter retains an extremely high amount of airborne pollen and deactivates allergens, which are retained by the filter.
- Highly efficient odour reduction for cooking applications with complex odour molecules (e.g. fish and seafood).

The filter retains an extremely high amount of airborne pollen and deactivates allergens, which are retained by the filter.
