

AA442810

Recirculation module

AA442810

- For air recirculation.
- Can be combined with island and wall-mounted hood AW 442.
- Highly efficient odour reduction for cooking applications with complex odour molecules (e.g. fish and seafood).
- Extended change interval for the activated charcoal filter (approx. 1-1.5 years depending on cooking frequency).
- For installation on the inner chimney.
- For air recirculation.

Can be combined with island and wall-mounted hood AW 442.

Highly efficient odour reduction for cooking applications with complex odour molecules (e.g. fish and seafood).

Extended change interval for the activated charcoal filter (approx. 1-1.5 years depending on cooking frequency).

For installation on the inner chimney.

Consisting of filter bracket, 2 activated charcoal filter, flexible hose and two hose clamps.
