

Color Variants

AF200160

Stainless steel handle bar Width 60 cm

Optional accessories

AA211812

Patented air recirculation module including 1 activated charcoal filter with high efficient odour reduction due to increased surface

Installation Accessories

AA210460

Lowering frame for 60 cm flat kitchen hood

AF200160

Flat kitchen hood 200 series

Stainless steel handle bar

Width 60 cm

Air extraction/recirculation

Unobtrusive flat kitchen hood design thanks to integrated glass panel in the steam screen

Especially quiet operation thanks to integrated sound insulation

Steam screen extends by touching the handle bar

Steam screen and visible corpus made of brushed stainless steel Integration of a spice rack is possible Energy-saving, low-noise fan Function for automatic, sensorcontrolled power adjustment

depending on the build-up of cooking vapours Dimmable, neutral white LED light for

ideal illumination of the whole cooktop The patented lowering frame allows the flat kitchen hood to disappear completely into the upper cabinet Air extraction or recirculation system Recirculation module with activated charcoal filter: Silent and highly efficient air recirculation solution with odour reduction compareable to air extraction and long replacement intervals

Output

Performance and noise level, output level 3/Intensive:

Air output according to DIN EN 61591. Sound power level according to EN 60704-3.

Sound pressure level according to EN 60704-13.

Odour reduction air recirculation 94%.

Features

Controls at front.

Three electronically controlled power levels and an intensive mode. Automatic function with sensorcontrolled run-on function. Grease filter saturation indicator. Stainless steel grease filter, dishwasher-safe. Neutral white LED light (3500 K), continuously dimmable. Illuminance: 648 lx

Light can be switched on separately. Fan technology with highly efficient, brushless DC motor. Integrated sound insulation for quiet

operation. The fan is activated when the steam

screen is extended.

Patented technology for extension of the steam screen.

Extendable steam screen 198 mm. Airflow-optimised interior for efficient air circulation and ease of cleaning. Patented easy mounting system for simple installation.

The package includes an one-way flap.

Product rating

Energy consumption 37.7 kWh/year. Ventilation efficiency class B. Ilumination efficiency class A Grease filter efficiency class B. Sound level min. 39 dB / max. 55 dB normal mode

Planning notes

The door of the upper cabinet must be fully open in order to change the activated charcoal filter.

To be installed in an upper cabinet without base.

Characteristics

Product name/family

Color chimney

Typology

Approval certificates CE, Eurasian, Ukraine, VDE

Length of electrical supply cord

Required niche size for installation (HxWxD)

388mm x 524.0mm x 290mm

Height of the chimney

Height of product, without chimney Minimum distance above an electric hob

Minimum distance above a gas hob 650

Net weight

13.316

Type of control

Electronic

Number of speed settings Maximum output air extraction

Boost position output recirculating

Maximum output recirculating air

Boost position air extraction

Number of lights (Stck)

Noise level

Diameter of air outlet

120 / 150

Grease filter material

Washable stainless steel

EAN code

4242006256401

Connection rating

Fuse protection

Voltage

220-240 Frequency

Plug type

CH plug w/ earthing, Gardy plug w/ earthing, GB plug

Installation type

Consumption and connection features

created on 2021-09-28

The required cavity height of the upper cabinet together with the lowering frame measures 600 mm.

Clearance above gas appliances min. 65 cm (more than total load gas 12 kW min. 70 cm).

Clearance above electric appliances min. 43 cm.

When installing a ventilation hood with air extraction mode and a chimneyvented fireplace, the hood's power supply line needs a suitable safety switch.

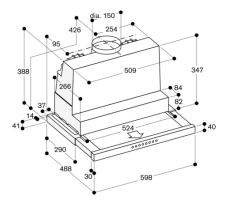

Connection

Total connected load 146 W. Connecting cable 1.8 m, pluggable.
