Connection piece for DN 125/150 flat rectangular

AD852041
Flat duct system with guidance fins
Plastic
Connection piece for DN 125/150 flat rectangular

Allows for long duct runs with highest efficiency due to soft duct shape and conducting fins within the duct bends
Compact installation height even with DN 150 allows integration in floor constructions
Space-saving duct configuration of pairs of downdrafts by use of DN 125

Features

For further details see table of ventilation accessories.

Planning notes

Respect straight alignment of ducts and exact angles. Use 15 ° bends for compensation.
Secure and tighten all joints with adhesive tape.
DN 125 only recommended for connecting pairs of downdrafts to the remote fan.
