

AD854046
Flat duct system with guidance fins
Connecting piece VL 414 for DN 150 flat

Allows for long duct runs with highest efficiency due to soft duct shape and conducting fins within the duct bends
Compact installation height even with DN 150 allows integration in floor constructions

Features
For further details see table of ventilation accessories.

Planning notes
Respect straight alignment of ducts and exact angles. Use 15 ° bends for compensation.
Secure and tighten all joints with adhesive tape.
